DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/1/08 has been entered.

Rejections Repeated

2. The 35 U.S.C. 103(a) rejection of claims 1-4 unpatentable over Inoue et al. in view of Kageyama and in further view of Endo has been repeated as previously made in office action mailed on 12/14/07.

Response to Arguments

3. Applicant's arguments filed 3/14/08 have been fully considered but they are not persuasive.

In response to applicant's argument that Endo fail to disclose and does not teach the a location where the shape of the battery case changes from a circular part to a linear part or from a linear part to a circular part that act as a breakage point, Endo teaches in figure 4 number 5 a location where the shape of the battery case changes from a circular part to a linear part or from a linear part to a circular part that act as a breakage point.
